## 2023 Cirrus SF50 G2+

**\$3,349,900**

### Description

Presenting Cirrus Vision Jet SF50 G2+ N386EM, Serial Number 0533—in striking Obsidian Black.

Meticulously cared for and ready for its next discerning owner. With just 260 hours total time, this one-owner aircraft has lived its entire life hangared, reflecting a level of care and pride that shows in every detail. It comes with a clean history and no stories, offering the confidence buyers expect when stepping into a premium aircraft.

What sets this Vision Jet apart is the exceptional value built into its JetStream Concierge program, which is paid in full through June 10, 2027 or 680 hours. With the aircraft currently at only 260 hours total time, that represents more than 400 hours of remaining JetStream coverage—a remarkable benefit that dramatically reduces operating uncertainty while ensuring factory-backed support, predictable maintenance, and premium ownership experience for years to come.

N386EM delivers the perfect blend of sophistication, performance, and safety.

For the buyer seeking a low-time, beautifully kept G2+ with substantial JetStream coverage remaining, look no further.

Luke is your go-to resource for all things Vision Jet, offering expert guidance on type training, insurance, financing, and aircraft performance to support every step of your ownership journey.

Embark transition training is included with the purchase of N386EM. Embark is provided entirely by Cirrus Aircraft and is subject to Cirrus Aircraft's policies and terms.
