### Description

PacTex Aviation presents a rare 1979 Beechcraft 58TC Turbo Baron, serial number TK-104 (registration N105RK), one of only 151 ever produced. Equipped with twin turbocharged Continental TSIO-520WB engines driving Hartzell 3-blade props (both due for overhaul), this aircraft provides a solid foundation for performance renewal. With a cruise speed of approximately 232 KTAS and a maximum takeoff weight of 6,200 lbs, it delivers excellent capability for a variety of missions.

The spacious, six-seat, club-configured cabin features aft utility doors for enhanced comfort, access, and utility. N105RK is equipped with notable avionics upgrades, including, but not limited to, a Garmin GNS530W GPS, a Garmin GMA340 Audio Panel, and a Garmin GTX330 Transponder (ADS-B Compliant). Whether you prefer full glass panels, GTN navigators, ADS-B, radar, or autopilot, this Baron is ready to be tailored to your vision.

Invest in engine and prop overhaul along with avionics modernization, and you'll own a high-altitude, long-range Baron customized to your exact needs.

\*This aircraft has gone through the PacTex multi-point audit and inspection prior to being listed.

## Add Details

**Manufacturer year:** 1979**Serial number:** TK-104**Registration number:** N105RK**Total airframe time:** 5316

## Additional information

**Airframe:****Airframe Description:**

No structural issues or damage to N105RK's airframe.

**Airframe Total time:** 5316.5**Engine 1 hours:** 1159.4 SMOH**Engine 2 hours:** 1938.9 SMOH**Propulsion:**

N105RK is powered by Continental TSIO-520-WB engines (310 HP each) and Hartzell PHC-J3YF-2UF three-blade propellers. Both engines and props are nearing TBO, but remain in solid operating condition with smooth performance and clean history.

The -WB engines are rare and highly desirable upgrades for the B58TC platform- offering improved performance, and long-term value. Whether flown as-is or overhauled, they represent a strong foundation and are absolutely worth preserving for the next chapter of this aircraft's life.

**Inspection:****Inspection Status:**

Passed 2025 annual

**Inspection Expiry:** July 31, 2026**Damage history:**

None
