2021 Diamond DA42

\$874,900

Description

2021 Diamond DA42 NG – Style, Performance, and Modern Efficiency in a Striking Royal Blue.

Introducing N242BL, a head-turning 2021 Diamond DA42 NG that perfectly blends sleek aesthetics with proven performance and cutting-edge avionics. Finished in a custom metallic royal blue paint scheme, this aircraft stands out on the ramp while delivering the capability and confidence Diamond owners have come to expect.

Powered by twin Austro AE300 turbo-diesel engines (Left: 1010 hrs | Right: 1320 hrs), this DA42 NG offers exceptional fuel economy, reduced operating costs, and extended range while burning Jet-A. With just 2,620 total hours, it's equipped with the Garmin G1000 NXi avionics suite, GFC 700 autopilot, Synthetic Vision, ADS-B In/Out, SafeTaxi, and SurfaceWatch—bringing intuitive situational awareness and flight safety to every mission. Inside, N242BL features a premium four-seat leather club interior, complete with factory-installed air conditioning, Rosen sun visors, LED cabin lighting, and dual USB ports for both pilot and co-pilot. Whether you're flying long legs cross-country or in a training environment, this aircraft is optimized for comfort, clarity, and capability.

This aircraft is turn-key, with complete logs, no damage history, and inspections current through 2026. Actively flying in a flight school, so times will continue to change.

Ask me about a fleet sale opportunity—we have four DA42 NGs and four DA40 NGs available, offering a consistent and professionally maintained package ideal for flight schools or commercial operators.

One of the engines is expected to be delivered with zero time, adding significant value-add for the next owner.

Don't miss this chance to own a stunning, modern twin that delivers both value and versatility.
