American Champion 8KCAB Super Decathlon

\$209,500

Description

Exceptional opportunity to own a factory-refreshed 8-KACB Super Decathlon that was completely gone through at the American Champion Aircraft Corporation factory in late 2011.

Following hail damage sustained at Sun 'n Fun Aerospace Expo in 2010, the aircraft was returned to American Champion and converted to later-model specifications. During the factory conversion, the aircraft received:

- All new fabric
- Updated interior
- Baggage door installation
- Updated instrument panel
- 1,950 lb gross weight upgrade

Upon completion, the aircraft was displayed in the American Champion booth at Sun 'n Fun in 2012 - a testament to the quality of the factory work performed.

Engine overhauled in 2022 to manufacturer's new part limits by Zephyr Aircraft Engines.

This is not a field overhaul to service limits - this was completed to new limits, adding significant long-term value and peace of mind.

Additional Highlights:

- Original owner
- Always hangared
- Stored in a dry, heated hangar in North Idaho
- Meticulously maintained
- Excellent overall presentation

**** We can offer Financing through our partnership with Flying Finance ****
