Quick info

Listing type: For sale

Description

An amazing opportunity to own a highly updated and meticulously maintained low engine time SR22G1. This Cirrus has modern improvements throughout, including LoPresti "Ice Skates" wheel pants for increased speed, dual caliper brakes by Berringer for better stopping. LoPresti "Boom Beam" landing light, Whelen LED nav/strobe lights, AeroLED MicroSun recognition lights with WIG-WAG pulse. 4,450 hours since new airframe, 660 hours since major overhaul by Performance Aero Engines of Lavern CA mated to a MT four-blade composite propeller with 660 hours since new. Annual inspection due February 2026 CAPS replaced in 2025 by DLK Aviation - good for ten years.

Embark training available for owner pilots who qualify. Low rate financing is available, sp call us today at to learn more about this amazing aircraft.
