Description

Aerista is excited to present N519DE - a very capable 2006 SR22-G2! The avionics include WAAS and Flight Stream 210 to allow your iPad and avionics to talk to each other. This only has 516 hours on an overhauled engine. The powered fan blows cooler air on you and your passengers without the added 55 lbs of an AC system. This is an original owner aircraft and it can be yours for new adventures!

FREE transition training (Cirrus Embark) for pilots who qualify, included with the purchase of your Cirrus from Aerista.
