2004 Cirrus SR22 G2

\$374,900

Description

If you are looking for a highly upgraded G2 SR22, look no further. N806EC has many of the highly desired upgrades with an Avidyne IFD 540/440 combo synced up with a digital DFC90 autopilot. The semi-portable oxygen allows you to go higher and the AC keeps you cool on the ground and at lower altitudes. The Beringer brakes are lighter and have greater stopping power while preventing flats from pinched tubes. Lastly, the CIES fuel gauges give you accurate fuel levels and the Lopresti Boom Beams light up the runway for you at night. Couple this with a low time overhauled engine and you are ready for business and family travel!

Embark transition training is included with the purchase of N806EC. Embark is provided entirely by Cirrus Aircraft and is subject to Cirrus Aircraft's policies and terms.

Add Details

Manufacturer year: 2004

Serial number: 0839

Registration number: N806EC

Total airframe time: 1990

2004 Cirrus SR22 G2

\$374,900

Additional information

Airframe: 2004 SR22-G2
1,990 hours TTSN (Hobbs)
Basic Empty Weight = 2,401.6 lbs

Inspection: Annual Inspection Completed October 2025
