2012 Cirrus SR22 G3

\$533,337

Description

An excellent opportunity to acquire a 2012 Cirrus SR22 G3, featuring the Garmin Perspective avionics suite and a fully equipped configuration for IFR and year-round operations.

This aircraft has seen private use only and benefits from consistent, high-standard maintenance, with complete and transparent records. All applicable Cirrus Service Bulletins and Airworthiness Directives are complied with, and the aircraft presents in exceptional technical and cosmetic condition.

Equipped with FIKI, Air Conditioning, EVS camera, Stormscope, radar altimeter, oxygen system (overhaul due), and GAMInjectors, this SR22 is ready for immediate operation with no deferred maintenance beyond clearly identified items.

A major propeller overhaul completed in early 2025 represents a substantial recent investment, significantly enhancing reliability and near-term ownership cost predictability.

A turn-key SR22 G3 with meaningful recent maintenance, excellent pedigree, and clear forward visibility — aircraft of this quality and transparency rarely come to market.

FREE transition training (Cirrus Embark) included with the purchase of your Cirrus from Aerista.

Add Details

Manufacturer year: 2012

Serial number: 3840

Registration number: F-HPVP

Total airframe time: 1650

2012 Cirrus SR22 G3

\$533,337
