2017 Cirrus SR22 G6

\$659,900

Description

This 2017 Cirrus SR22 G6 presents an outstanding opportunity to step into a well-equipped aircraft at an attractive price point. With just 885 hours TTSN and a clean wing configuration, N882DF stands out as a lighter, more efficient platform—delivering strong performance and arguably faster cruise speeds compared to FIKI-equipped counterparts. Finished in a sharp Snow White and Gulf Blue exterior, this aircraft offers excellent ramp appeal and a modern Cirrus aesthetic.

Equipped with the Cirrus Perspective+ by Garmin flight deck, this aircraft features dual WAAS GPS, Synthetic Vision, GFC700 autopilot with yaw damper, ADS-B In/Out, and a full suite of safety and situational awareness tools pilots expect from a Generation 6 platform. With a Basic Empty Weight of just 2,308 lbs, this clean wing SR22 offers excellent useful load capability and efficiency—ideal for buyers prioritizing performance, simplicity, and value over FIKI systems.

Fresh Cirrus Service Center Annual completed January 2026, this is a turnkey aircraft ready for immediate use.

Contact Kristy for more info.

Embark transition training is included with the purchase of N882DF. Embark is provided entirely by Cirrus Aircraft and is subject to Cirrus Aircraft's policies and terms.
