## 2021 Cirrus SR22 G6

**\$724,900**

### Description

Introducing N258BJ, a professionally managed and flown 2021 Cirrus SR22 G6 that has been meticulously cared for and always hangared. This Clean Wing configuration offers an excellent useful load advantage over FIKI-equipped counterparts while delivering strong performance and arguably faster cruise speeds — a compelling combination for owners prioritizing efficiency and capability.

Equipped with the Cirrus Perspective+ by Garmin avionics suite, EVS, Active Traffic, and factory air conditioning, N258BJ is a highly capable IFR platform with modern safety and comfort features throughout. With CAPS repack due October 2031 and warranty coverage through December 2026, this SR22 G6 represents a well-managed, turnkey ownership opportunity.

Finished in a sleek Platinum Phantom Silver exterior with a Carbon Lunar Grey leather and Alcantara interior, this aircraft shows beautifully on the ramp and inside the cabin. Professionally operated, hangared, and consistently maintained, it reflects the care and pedigree buyers expect in a late-model Cirrus.

Take advantage of the added useful load, clean wing performance, and turnkey condition.

Contact Kristy today for full specs and details.
