2018 Cirrus SR22 G6

\$669,900

Description

N515SC is a 2018 Cirrus SR22 G6 GTS that represents exceptional value and price in the G6 market. With only 335 hours on the engine, this aircraft provides peace of mind for the next owner with no immediate concerns about TBO on the horizon - a rare advantage in this segment.

Professionally managed by Rex Air in Naples, Florida, N515SC has been hangared and used within the premier rental fleet of the RexAir Cirrus Flight School, reflecting consistent maintenance oversight and structured operations. An Annual Inspection was completed in February, with all cylinders testing 70 and above, making this airplane truly turnkey and ready to go!

Finished in the desirable Carbon paint scheme featuring sporty Athens Blue and Sterling Silver, this G6 has excellent ramp presence while delivering the performance, comfort, and advanced avionics expected of a GTS-equipped Cirrus.

For buyers seeking a low engine time, well-managed, G6 at a highly competitive and value-driven price point, N515SC stands out as a compelling option in today's market. Contact Kristy today for more info.

FREE transition training (Cirrus Embark) included with the purchase of your Cirrus from Aerista.

Add Details
