Description

N541VR is a LOW time, GREAT looking 2016 SR22T-G5 GTS!

N541VR just completed an October 2025 Annual at a Cirrus Aircraft Service Center -- it's only been flown home to its hangar in KBDN Bend, Oregon. Use as your prebuy inspection for an end of year transaction. Featuring AC, FIKI, 4-1, FS210, and more.

N541VR is a 2016 so it starts with the great new Cirrus door latches, is low time, hangared, and with upgrades! N541VR has the upgraded Cirrus BoomBeam HID 85W Landing Light which is SO much brighter, and it also has an upgraded Starter for consistent engine starts. Have a look at N541VR and get it into contract before year-end.

FREE transition training (Cirrus Embark) for pilots who qualify included with the purchase of your Cirrus from Aerista.
