## 2023 Cirrus SR22T G6

**\$919,900**

### Description

Presenting N523KD - a stunning 2023 G6 SR22T GTS with all options available! Aircraft includes manufacturer warranty thru Sept. 2028! This 2023 Cirrus SR22T G6 checks all the boxes—and then politely reminds you that you don't need to compromise. With just 345 total hours and Cirrus factory warranty coverage through September 2028, The four-blade propeller brings smoother operation, strong climb performance, and just enough ramp presence to make neighboring pilots look twice. It has been always hangared, professionally maintained, and responsibly flown, with a clean history and—refreshingly—no stories.

If you've been watching the market, you already know that late-model SR22Ts with real warranty remaining don't come along often. This one is turn-key, honest, and ready to go, whether your mission is serious transportation, business travel, or simply arriving well.

Available now. No excuses. No explanations needed.

FREE transition training (Cirrus Embark) included with the purchase of your Cirrus from Aerista.
