Description

2024 Cirrus SR22T G7 – N732DT | Clean Wing Performance, Like-New Condition

N732DT is an exceptional opportunity to own a 2024 SR22T G7 Turbo with just ~300 hours total time, offering a like-new aircraft without the new-aircraft wait. This is a clean wing (non-FIKI) configuration—delivering a lighter, more efficient airframe and arguably better performance and speed than its FIKI-equipped counterparts.

Finished in a stunning Platinum Mykonos Blue and Sterling Silver, this aircraft has outstanding ramp appeal and presents beautifully inside and out. The premium interior features Obsidian Black leather and Alcantara, creating a modern, high-end cabin experience.

Equipped with the Cirrus Perspective Touch+ flight deck, GTS-level features, and a full suite of advanced avionics including EVS, active traffic, SurfaceWatch, and global connectivity, and more! With factory warranty coverage through August 2029, this is a true turnkey solution with long-term peace of mind. If you're looking for a low-time, G7 Turbo with clean wing performance and standout value, N732DT deserves a serious look.

Contact Kristy today for more details or to discuss securing the aircraft.

Embark transition training is included with the purchase of N732DT. Embark is provided entirely by Cirrus Aircraft and is subject to Cirrus Aircraft's policies and terms.
