Description

Aerista is proud to present a one of a kind backcountry machine - N30TA!

This CubCrafters NXCub is an experimental, 2-seat, fully optioned out machine. Boasting a 215 horsepower engine, and almost a thousand pounds of useful load, this aircraft can do it all. Get the best of all worlds: the incredible backcountry performance of traditional Cubs, the stability of a tricycle gear, and cruise speeds that rival most light aircraft. With just a few hours and a kit from CubCrafters, you can even turn this airplane into a taildragger!

This is one of the most incredible aircraft in terms of its flight envelope, contact Clay at Aerista to learn more!
