2016 CubCrafters XCUB

\$289,900

Description

This 2016 CubCrafters XCub, N889F, is a capable and well-balanced backcountry aircraft designed for practical, real-world use. It offers strong short-field performance, cruises notably faster than a traditional Cub, and features pushrod flight controls that provide a precise, well-connected feel in all phases of flight. With a comfortable, functional cabin and a useful load that supports both utility missions and cross-country travel, the XCub is well suited for pilots who value efficiency, capability, and refined handling without unnecessary complexity.

Call Clay at Aerista to learn about this incredible machine.
