Description

2023 Diamond DA40 NG – N243BL | Modern Tech Meets Smart Value!

Turn heads and take to the skies in this exceptional 2023 Diamond DA40 NG, N243BL—a modern, capable, and fuel-efficient single-engine aircraft, perfectly suited for both training and cross-country missions. With 1,750 hours since new, this DA40 NG is equipped with the latest Garmin G1000 NXi avionics suite, GFC 700 autopilot, ADS-B In/Out, and WAAS GPS, offering a robust and intuitive IFR platform.

Inside, enjoy comfort and style with factory-installed air conditioning, Rosen sun visors, and premium leather seating, making every mission—from local training sorties to long-range cross-country flights—smooth and enjoyable. Powered by the Austro AE300 turbo-diesel engine, this DA40 NG brings together economy, range, and reliability—burning Jet-A while delivering an efficient and consistent flying experience. The aircraft includes complete and consecutive logbooks, no known damage history, and a fresh annual completed 02/2025.

Note: This aircraft is priced to reflect the upcoming need for an engine replacement, presenting a fantastic opportunity for operators or buyers looking for a high-spec airframe at a smart value.

Whether you're expanding a fleet or stepping into the world of modern glass-cockpit flying, N243BL is turn-key and flight-ready.

Ask me about additional aircraft available—including a fleet of DA40 NGs and DA42 NGs for sale—perfect for flight schools or commercial operations.
