## Description

PacTex Aviation is excited to announce N10CJ!

Serial number 99! N10CJ is a fascinating aircraft with loads of history. AFTT of 4500 and 1054 TSMOH. The fully digitized logs are available on our website <http://www.pactexaviation.com> in addition to many more photos. N10CJ is located in Fairbanks Alaska. With a Terra AT3000 altitude encoder and 31" tires N10CJ would be an amazing backcountry adventure machine for you and your family!

Last annual was April or 2024 and ADs and SBs have complied with. Interior was replaced in 1995 as was the insulation. Aircraft has been fully inspected and comes with a Jasco Alternator, the Brentwood carry through spar STC and the float STC for you to easily attach floats on. The tube cage surrounding the cabin ensures the occupants safety and the overbuilt struts make every landing no matter where and how short a safe and solid one.

Please note aircraft sale also includes spare engine (SMOH 2002) and prop.

Brief history of ownership :

Owned by the artic institute, NASA, CIA, a drug running individual owned it and it was impounded in FL. Bob Lacker owned it who wrote Alaksa raw.
