## Luscombe 8E

\$53,000

## Description

A true classic with modern muscle - this 1948 Luscombe 8E has been transformed into the Super Luscombe 150, and it absolutely lives up to the name. Powered by a 150-horsepower Lycoming O-320, this lightweight rocket climbs like a homesick angel and cruises effortlessly while keeping that legendary Luscombe handling intact.

The airplane's condition is near perfect - paint, interior, and details are immaculate. Every line is clean, every rivet tight. The attention to care and craftsmanship is obvious the moment you walk up to it.

This is not your average Luscombe. It's the kind of aircraft that makes people stop on the ramp. Perfect for pilots who appreciate classic style but want real performance and reliability.

Please Inquire for digital logbooks and additional pictures.

ALL FUNDS INCLUDING THE DEPOSIT WILL GO THROUGH ESCROW.

The Seller / Agent provides the aircraft information herein to assist buyers with their consideration. Efforts are made to be as accurate as possible but errors and omissions are possible. All Specifications, features, equipment, times, status and condition are Buyer's responsibility to verify prior to closing. Seller and Agent are not liable to provide equipment, features, inspections or any consideration from errors or omissions found after closing. Aircraft, equipment and prices are subject to change without notice and are subject to availability, prior sale and/or removal from market.
