Listing type: For sale

Piper PA-28-180 Cherokee/Archer

\$84,500

Description

Low-time, barn-find early-model Piper Archer (180 HP) that has been always hangared and well preserved. The aircraft was last annualized in 2013 and features a factory-new engine installed in 1982. It wears very nice paint, completed in 2000 by Straub's Aircraft Services in Kingman, Arizona, and presents well for its age. Equipped with dual brakes and a new Concorde battery, the aircraft starts, runs, and taxis. It will require an annual inspection and ADS-B compliance. Aircraft is being sold as-is, making it an excellent opportunity for a flight school, owner-operator, or time-builder looking for a solid Archer platform with upside for someone willing to put in a little elbow grease.
