Description

PacTex Aviation and Addison Brush are excited to present this exceptional 1978 Piper Turbo Lance II N5543S.

This aircraft is a true turnkey performer; offering turbocharged power, impressive cruise speeds between 165 and 175 KTAS, and a generous 1,350 pound useful load. This is a perfect platform for cross country missions or comfortable family travel.

With only 85 hours since a major engine overhaul in 2024 and a new Hartzell propeller installed, this Lance II is dialed in and ready for immediate flying.

N55435 features a modernized glass panel avionics suite including a Garmin G3X PFD, GTN 750Xi, GFC 500 digital autopilot, and more, giving pilots the confidence of advanced situational awareness and automation. The clean and updated six seat interior, refreshed in 2020, adds comfort and polish to this already impressive platform. Always hangared and maintained to the highest standards with complete records, this aircraft represents outstanding value in the high performance single engine market.
