Description

Hummingbird Aircraft is proud to represent N521MM, a 1988 Malibu with full FIKI, Garmin panel, electric flaps, Parker gear, yaw damper and the list goes on. This Malibu comes with some very nice upgrades and is the perfect Malibu for someone stepping up to the PA-46 and flying with the option to install more glass in the future. With 1,197 useful load, air-conditioning, pressurization and a powerful 550C Continental engine sipping 16 gph in cruise its hard to find something so capable and economical to operate as this Malibu. Feel free to reach out to us regarding more info and scanned logs.

Add Details
