Description

The Alpha Trainer combines performance and efficiency making it the perfect flight training aircraft. Through modern aerodynamic design and high-tech manufacturing, the Alpha Trainer provides superb performance and flight characteristics with low operating costs thanks to its fuel-efficiencies.

Built by design, the Alpha Trainer comes equipped with all the essential features expected for flight training, including a strong durable undercarriage, and gentle flight characteristics.

Suitable for entry level flight training and experienced aviators, the Alpha Trainer offers a quiet, comfortable cabin with easy access and is a comfortable learning environment for students.

Operated throughout the world in some of the harshest conditions, the Alpha Trainer is a trusted and proven trainer, backed by Pipistrel's service and support network. Innovation & Sustainability Innovation and sustainability is core to Pipistrel's DNA.

The Alpha Trainer's design was influenced with this in mind, providing fuel-efficient aerodynamic performance while minimizing the environmental impact on flight.

Pipistrel Alpha Trainer

Add Details

Manufacturer year: 2025

Total airframe time: 1

Additional information

Airframe:

Airframe Total time: 1

Propulsion:

Engine Manufacturer Rotax Engine Model 912 UL

Max Take-off power 80 hp at 5800 rpm

Max Fuel Capacity 13.2 usg (50 liters)

Avionics:

Flight rules: IFR

Interior:

Number of seats: 2

Interior Condition Score: 10
