### Description

Beauty by Design -

Backed by more than 30 years of aircraft innovation, Panthera is the culmination of Pipistrel's knowledge and expertise designing efficient aircraft. The Panthera offers the most exciting flying experience that a four seat aircraft can offer. Revel in every thrilling climb, turn and decent. With a centrally positioned stick, the Panthera puts control where it naturally should be for the ultimate hands-on flying experience. The Panthera's exceptional performance is matched by its safety features making it the ultimate four seat tourer.

Surround yourself in luxury with gull-wing doors that provide easy access to the cockpit and cabin, and with a comfortable, ergonomically stylish four place interior that makes you feel right at home. Finished with high quality handcrafted leather, LED lighting throughout and virtually unobstructed views forward, above and to the side, Panthera is not just fast but comfortable. Designed with advanced fluid dynamics software, its sleek looks come from Pipistrel's design philosophy to reduce drag and lower fuel consumption. You'll be cruising at nearly 200 kts in comfort with a range of nearly 1,500 nm, all while burning less than 13 gph!
