Texas Aircraft Manufacturing Colt 100

\$225,000

Description

NEW 2025 Texas Aircraft Colt 100 SL – TAA Configured – 25 Hours TT

This **new 2025 Texas Aircraft Colt 100 SL** is a **Technically Advanced Aircraft (TAA)** with only **25 hours since new**, equipped with a full **Dynon SkyView HDX** avionics suite and **2-axis autopilot**.

An outstanding platform for **efficient time building** or **pure recreational flying**, the Colt combines modern avionics, robust construction, and extremely low operating costs.

Powered by a **Rotax engine with only 25 hours**, the aircraft burns approximately **5 GPH on AVGAS or MOGAS** (no STC required). A **3-blade Stern ground-adjustable propeller**, custom-designed for the Colt, provides an excellent balance of climb and cruise performance.

Typical performance:

- ~700 FPM climb
- ~110 KTAS cruise at 75% power
- Proven high-density-altitude performance, including Texas summer operations up to 11,500 ft

The **Dynon SkyView HDX** avionics suite includes **VNAV, NAV, HDG, ALT, and VS pre-select**, delivering low workload and excellent situational awareness for cross-country flying.

Effectively a **new aircraft without the factory wait**, this Colt is turnkey and ready to fly.

Add Details

Manufacturer year: 2025

Serial number: TXA014

Registration number: N7373F

Total airframe time: 25

Passenger capacity: 2

Wifi: Yes

Engine Details

Total Engine Time: 25 Hours

Suggested TBO: 2000 Hours

Hours Remaining: 1975 Hours

Additional information

Airframe:

- Semi cantilever, high wing design
- Welded Chromoly Steel Safety Cell, like a Mooney!
- All Aviation-Grade Aluminum Airframe, solid metal rivets
- Four-point Passenger Safety Harnesses

Texas Aircraft Manufacturing Colt 100

\$225,000

- Docile Flight and Stall Characteristics.

Propulsion:

- Rotax 912 ULS
- Dual Carburetor with Dual Electronic Ignition
- 100 HP @ 5.800RPM
- 5.4 Gal/h @ 75% power.
- 20 Amp internal energy generator
- TBO 2,000 hours

Inspection:

Current May 2025

Avionics:

Dynon HDX Skyview suite:

- Main PFD touch screen
- Moving map with VFR sectional charts
- Integrated Mode C ALT Transponder
- Single COM with Stand-By/Monitoring Frequency
- 2-axis autopilot with pre-select mode for HDG, ALT, VS, IAS
- VNAV feature. Will descend to pattern altitude at TOD
- Can be upgrade with external GPS for coupled approaches (training only)
- ADS B in/out
- Analogic Backup Instruments (Airspeed, Altimeter and Slip/Skid Coordinator)
- Bose 6 pins LEMO Headset connector

Interior:

Hand Stitched Yokes and Seats in top quality Brazilian leather in Beige tone. All other surfaces are covered in beige carpet. No exposed metal surfaces.

Exterior:

base white with solid paint scheme

Weights:

MTOW: 1,320 lbs

Useful load: 470 lbs

Remarks:

- Financing through our banking partner
