Eurocopter EC145 / C-2 Helicopter

- Proven EC145 platform – one of the most trusted twin-engine light helicopters for EMS, government, and utility operations worldwide.
- Former HEMS aircraft – operated in a demanding medical transport environment with professional operational oversight.
- Twin Turbomeca Arriel 1E2 engines – strong reliability, excellent single-engine performance, and global support.
- Spacious, flat-floor cabin with rear clamshell doors – ideal for EMS, SAR, or rapid mission reconfiguration.
- IFR-capable EC145 design – proven all-weather capability and high dispatch reliability.
- 2010 model year BK117 C-2 configuration – widely supported and well understood by operators.
- Government-owned aircraft – registered to University of Mississippi Medical Center (UMMC).
- Well-suited for EMS, government, or utility buyers seeking a proven EC145 platform.

Wheels Seen in Photos will Not be Included in the Auction

The Original Set of Wheels will be Included but Working Condition is Unknown, we Think One of The Pumps is Not Functioning
